ICIE

Message to Parents

The Jackson County Education Coalition is a nonprofit organization consisting of education, industry, and community leaders working together to improve the overall learning process in Jackson County. We would like to introduce your child to ICIE (Inspire Children In Education), a fun-loving character who loves to learn.

Icie will help teach your preschooler the 10 Power Standards they need to know before entering kindergarden. Inside this coloring book are many fun activities to help teach your preschooler. We encourage you to assist your child with these activities.
